

**NYS MATHEMATICS**  
— Regents Preparation —

## **SPRING, 2020 NEWSLETTER**

Greetings and Happy Spring!

Thank you, students, parents, and teachers, for taking the time to read this first publication of newsletters for NYS Mathematics Regents Preparation. It has been a while, so I would like to share some incredible news coming in the near future!

Before jumping into the new changes coming, I would like to formally apologize for my extended absence. New regents review videos have not been released since March of 2018, content has been lacking of updates, and changes to my website are nowhere to be found. There are times when life gets in the way. Unfortunately, this organization had to be placed on the back burner for quite some time. For those who are not aware, as of March 2020, I am still enrolled at SUNY Binghamton

University as a **full-time student**. I am graduating this upcoming May with a B.A. in Mathematics (yippee ☺). However, there are still obstacles in my future that will continue to delay the progress of my website. I have been employed with The Cheesecake Factory for over 2 years. Unfortunately, the hours I work easily exceed 40 hours each week and I have not been planning around this work schedule accordingly. I'm trying my best to set my priorities. In addition, I have accepted a position with the Disney College Program at Walt Disney World from August 2020 through January 2021. This sadly means that I will be absent for close to 7 months. Following this incredibly opportunity, I will immediately begin graduate school. Hopefully by then, time will begin to balance easily in my busy schedule.

I thank you all for your continued patience and support. As you will see in the next section, I am **ramping up** my productivity like never before. That's a promise.

## Plan of Action for June, 2020

Completing the following projects before June 1<sup>st</sup>, 2020 will be a daunting and time-consuming task. I will be working around the clock to make this happen. Here is what I intend to complete in time for the June Regents exams:

- Publish **all** Algebra 1 Regents videos from June 2018 through January 2020
- Publish **all** Geometry Regents videos from June 2018 through January 2020
- Publish **all** Algebra 2 Regents videos from June 2018 through January 2020
- Revise “Facts You Must Know Cold for the Geometry Regents Exam”
- Revise “Facts You Must Know Cold for the Algebra 2 Regents Exam”

## Plan of Action for August, 2020

Completing the following projects before August 1<sup>st</sup>, 2020 will be another daunting and time-consuming task. I will be working around the clock to make this happen as well. Here is what I intend to complete in time for the August Regents exams:

- Publish Algebra 1 Regents videos for June 2020
- Publish Geometry Regents videos for June 2020
- Publish Algebra 2 Regents videos for June 2020
- Begin to create and design the long awaited “Facts You Must Know Cold for the Algebra 1 Regents Exam”. Post for public comment
- Revise “Facts You Must Know Cold for the Geometry Regents Exam”
- Revise “Facts You Must Know Cold for the Algebra 2 Regents Exam”
- Continued revisions to the website for the upcoming new math standard changes
